

Welcome to the BBUFA crèche

The crèche team's aim is to give your child the best quality of care and play opportunities.

To help us achieve this, it is important that we have as much information as possible regarding your child's needs, including allergies as we provide a fruit snack and on occasions may do cooking activities.

There are certain infectious diseases that mean children will be excluded from attending the crèche. Details of these are contained in our Infectious Diseases Policy which is available on request. Please note that this policy states that children who have had diarrhoea and vomiting in the last 24 hours are not able to be accepted in the crèche until at least 48 hours after the last case of illness.

Child's general information

Name: Age: Gender:

I like to be known as:

I live with:

Language/s spoken at home:

My special toy/comforter:
